

ANDANTE HEARTBEATISSIMO

TAKE RADIO AND REMOTES, AND SLOWLY WALK
AWAY FROM THE PIANO (PREFERABLY OUTSIDE).

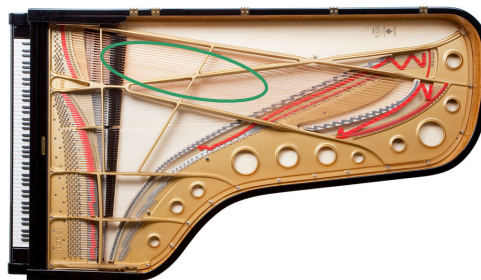

ANDANTE HEARTBEATISSIMO

FOR PIANO, REMOTE DOG TRAINING COLLARS AND RADIO

INSTRUCTIONS

PIANO SETUP

Three 'remote dog training collars' are placed on the bass strings. By pressing three different buzzers they will vibrate and cause three different 'rumbles'.

placement of remote dog training collars (green circle)

ACTIONS

Choose a clear channel on the radio, preferably with spoken word, amplified only via its internal speaker. Continuously fade the channel in and out, via the volume control, whilst unirhythmically pressing one of the three remotes for the dog training collars. (The performer decides the order of the three sounds in an improvisational fashion.) Slowly walk away with radio and remotes, preferably out of the venue. Stop whenever people around you start looking worried or distressed.
